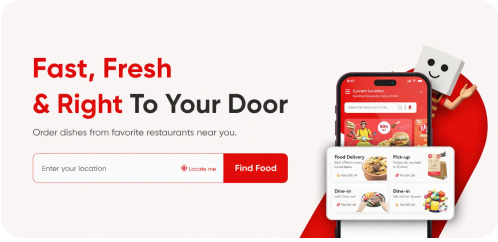
foodi Policies & Legal Agreements Analysis



4 Core Services

- Super Fast Delivery
- Food Pick-up
- Restaurant Dining
- Flower Delivery

Accessibility of Agreements

- Security Policy
- Rider Privacy Policy
- Partner Privacy Policy
- Referral T&C

Compliance with Laws & Regulations

- **DSA**, **ICT** & **Consumer** Acts Concise terms. **DSA 2018**, **ICT Act 2006** & **Consumer Rights Act 2009** absent.
- **AML/CTF** Simple structure. No financial crime safeguards stated.
- **Data Governance** Lean operations. No audit or monitoring disclosed.

Privacy Compliance

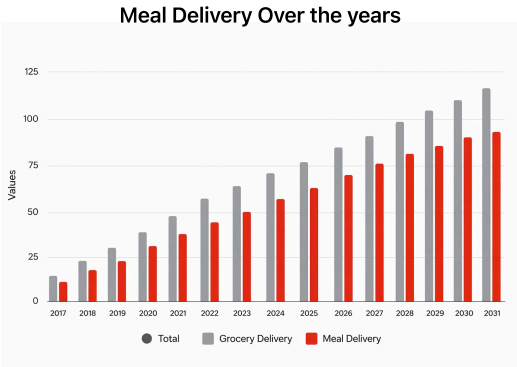
- Data collected via orders, website usage & surveys; shared with fraud prevention agencies.
- Google Analytics & cookies used — browser-only opt-out; IP sent to US servers.
- No reference to how they use rider geoinformation for their system.

Intellectual Property and User Rights

- IP Ownership Protects brand integrity. Users get very limited rights.
- T&C Changes Enables quick updates. No prior user notice given.
- Data & Content Simple structure. Vague data-sharing raises privacy concerns.
- Partner Liability Clear partner accountability. No joint liability limits user resource.

Insights from Legal Consultation

Foodi Express Ltd. is subject to Bangladeshi law, but none of its policy documents reference the **Digital Security Act 2018**, **ICT Act 2006**, or **Consumer Rights Protection Act 2009**. In 26 September 2024, 249,588 customer records were sold on the dark web for $100. That number speaks for itself.



Termination, Transparency and Accessibility

- Fraudulent orders, fake accounts, unauthorized access.
- Account suspended or terminated at Foodi's sole discretion for violations.
- Not liable for network/ software failures affecting orders or offers.
- PII may be shared with third parties; surveys used for service improvement.
- Refunds: 3 hours of receiving delivery; Dine-In offers non-refundable after payment.

Updates and Industry Standards

- T&C Notifications Flexible policy updates.
- Payment Disputes Supports Cash, MFS & Card.
- Security Standards Operational simplicity. No **ISO 27001** or **DSA 2018** alignment disclosed.
